AND  
PRODUCT DIRECTORY**

# IOWA CHAPTER - ASHRAE

## FOREWORD

The 2007-2008 Chapter Membership Directory and Product Directory of Manufacturers and their Representatives in the Central Iowa area has been prepared by the Iowa Chapter of ASHRAE as a service to all its members and as a service to the local HVAC industry.

The Directory is intended to provide better communications between manufacturers and their sales representatives; engineers who specify products; contractors who purchase and install the equipment; and other interested parties. Product Directory listings are not limited to ASHRAE members and the listings are not to be considered as advertising or endorsement by ASHRAE of any product, manufacturer or representative.

Since the Directory is useful when the data it contains is current in all respects, the Chapter re-issues an updated version on an annual basis.

As a change from previous years, the membership roster is now a direct listing of the information that Society has on each member – including your mailing preference. This was changed to help coordinate membership information between the Chapter and Society levels. All required corrections to the membership roster will be sent to Society for correction, not just changed at the Chapter level. Your help in maintaining your correct information with Society will help to ensure you get timely and accurate ASHRAE information.

An addition to this year's directory is a MEMBERS BY COMPANY listing. Again, this information is based on Society data. Please make any necessary corrections at renewal time or on-line.

Jerrold Sieverding - ASHRAE Iowa Chapter President

Additional copies of this Directory are available at \$5.00 per copy.

Suggestions on ways of improving the Directory or notification of errors in this edition are sincerely invited.

#### **Manufacturers Represented**

#### **Product Description**

|                              |   |
|------------------------------|---|
| Armstrong International Inc. | Steam and condensate steam traps – inverted bucket, f&t, disc thermostatic and radiator, trap valve stations, compressed air drainers, air vents, strainers, condensate return, pumping traps, ss sump ejectors |
| Humidification               | Steam injection humidifiers, gas/electric steam humidifiers, fogging systems  |
| Hot Water                    | Washdown hose stations, thermostatic mixing valves, “the brain” electronic mixing center, instantaneous water heaters, direct fired water heaters   |
| Pressure & Temp Controls     | Pressure/temperatures regulators  |
| Heat Transfer                | Heating coils, heavy duty unit heaters, bayonet type tank heaters, duramix f/b  |
| Service                      | Energy surveys and audits, turnkey installations, operation/maintenance services  |
| Advanced Coil                | Heavy duty heating/cooling coils, AHU's – custom housing  |

#### **Product Description**

American Air Filter

Dry and wet dust collectors, air intake filter housings and silencers, air filters and clean room products.

BLC Industries

Side access filter housings air filter frames and latches, roll filters.

Camcorp

Bag houses and cyclones.

Dwyer Instruments

Pressure gages.

George Koch Sons

Acoustical enclosures, thermal panels

Goyen

Diaphragm and solenoid valves timer boards.

Powrmatic

Gas fired make up air heaters.

Solberg Manufacturing

Inlet vacuum filters.

Sonic Air Systems

Engineered drying systems, blowers, air knives.

Sternvent

Dust collectors and cyclones.

Tri-Mer Corp.

Wet scrubbers for particulate and odor control, polypropylene process tanks, specialty fabrications made of corrosion resistant materials.

Twin City Fan (Industrial Rep)

Centrifugal and axial fans.

TVS

Cartridge filters.

#### **Product Description**

##### General Information

Baker Group is a large Mechanical Contractor based in Central Iowa. We emphasize long-term relationships, while supporting customers with Piping, Plumbing, Ductwork, Specialty metal Products, Certified Pressure Vessel Welding and other specialty Services, including Vibration Analysis and laser alignment. In addition, we offer DDC, Security and Fire Alarm Solutions..

Invensys Control Systems  
(Consolidation of Siebe,  
Barber-Colman, and  
Robertshaw)

Complete line of DDC temperature control sensors, valves, controllers and graphical software interfaces, including, Open Protocol Web Browser Based integration platforms for Echelon, BACnet, MODBUS and many proprietary legacy systems.

Transair Piping - Midwest  
Distributor

Complete modular 'push connect' aluminum compressed air piping systems designed for quick installation, efficient air flow and maximum future flexibility

Atlas Copco - Air  
Compressors

Complete Industrial compressed air system solutions.

ASI Controls

Proctor evaluates needs, suggests solutions, and installs control systems for all types of buildings or processes using ASI Controls—one of the world's most stable, scalable, and user-friendly products on the market. ASI Controls' Direct Digital Controls (DDC) platform offers robust programmable devices that can be application specific (ASIC/1 devices), or completely customized via object-oriented programming (ASIC/2 devices). Software user interfaces are among the most advanced in the industry – proudly offering WebLink/OPC, a true thin-client web browser interface. Read more about ASI Controls online at [www.asicontrols.com](http://www.asicontrols.com).

### **Product Description**

Evapco Inc

Cooling Towers, Closed Circuit Fluid Coolers and Evaporative Condensers for the HVAC and industrial markets. Units range from 10 tons to 1100 tons. Materials of construction include galvanized steel or stainless steel. Low sound and super low sound fans available

Evapco Inc - Reconstruction

Complete offering of Parts and Service for Evapco cooling towers, closed circuit fluid coolers, and evaporative condensers as well as for most competitors' units. Services include inspections, small repairs and major rebuilds, tower replacements, install

SYS-KOOL Cooling Towers Inc

Field-erected Cooling Towers for industrial, power, and large HVAC applications. Materials of construction include wood, fiberglass and stainless steel. We offer a complete turnkey project from design to erection of the cooling tower

## DIRECTORY OF MANUFACTURERS AND PRODUCTS

*Sys Kool*

### **Manufacturers Represented**

### **Product Description**

SYS-KOOL Cooling Tower  
Service - Reconstruction

Reconstruction Services for all existing industrial and power cooling towers. A reconstruction specialist will perform a complete tower inspection and provide a written report with recommendations for replacement parts and/or repairs to the tower. Quota

Evaptech Inc

Field-erected Cooling Towers for industrial, power, and large HVAC applications. Materials of construction include wood, fiberglass and stainless steel. Offering a complete turnkey project from design to erection of the cooling tower

Tower Engineering Inc

Concrete/Masonry shell cooling towers for HVAC and industrial applications. TEI provides the design, engineering, and construction of the tower. Fill material is offered with tile or PVC. Concrete structures can be designed to match or complement a building exterior treatment eliminating the need for screen walls to hide the cooling tower

Polaris

Plate and Frame heat exchangers, brazed heat exchangers for the HVAC and industrial markets

Lakos

Centrifugal separators designed to remove sand, grit, pipe scale and other fine solids from liquids

Tower-Flo

Complete line of sand filters
