2023

MEMBERSHIP ROSTER
AND
PRODUCT DIRECTORY
IOWA CHAPTER - ASHRAE

FOREWORD

The 2023 Chapter Membership Directory and Product Directory of Manufacturers and their Representatives in the Central Iowa area has been prepared by the Iowa Chapter of ASHRAE as a service to all its members and as a service to the local HVAC industry.

The Directory is intended to provide better communications between manufacturers and their sales representatives, engineers who specify products, contractors who purchase and install the equipment, and other interested parties. Product Directory listings are not limited to ASHRAE members and the listings are not to be considered as advertising or endorsement by ASHRAE of any product, manufacturer or representative.

Since the Directory is useful when the data it contains is current in all respects, the Chapter re-issues an updated version on an annual basis.

The membership roster is based on ASHRAE’s database. Members are encouraged to verify their information and update their bio on www.ashrae.org. Please note that corrections have been made to this directory, in cases where the authors have been made aware of changes in employment or contact information.

Additional copies of this Directory are available at $10.00 per copy.

Suggestions on ways of improving the Directory or notification of errors in this edition are sincerely invited. Please contact:

Sys Kool
Manufacturers Represented

Evapco, Inc.
Cooling Towers, Closed Circuit Fluid Coolers, Evaporative Condensers, Dry Coolers & Adiabatic Dry Coolers

Evapco, Inc. Water Treatment Options - Pulse~Pure - Smart Shield
Pulse~Pure: Non-chemical/chemical-free water treatment for your cooling tower or evaporative cooler. Smart Shield: Solid chemistry water treatment engineered to be factory mounted for your Evapco closed circuit coolers and evaporative condensers

SYS-KOOL Cooling Tower Service - Reconstruction
Reconstruction Services for all existing HVAC, industrial, and power cooling towers.

Evaptech, Inc.
Field-erected Cooling Towers for industrial, power, and large HVAC applications.

LAKOS
Centrifugal separators and sand filters

Innovas
Automatic chiller tube cleaning system.

POLARIS
Plate and Frame heat exchangers, brazed heat exchangers for the HVAC and industrial markets.

HIGH-K
A high-efficient, straight tube heat exchanger

Pentair / Fairbanks Morse
Extensive line of pumps and accessories

Edwards Fiberglass, Inc.
Fiberglass storage tanks

Miller Leaman
Filtration products

FlowCon/Griswold
Automatic and manual balance valves.

Tower-Flo
Complete line of sand filters
Systems Management & Balancing, Inc.

Tim Hildreth Company, Inc.
Manufacturers Represented | Product Description
--- | ---
Advanced Thermal Hydronics KN Series Condensing Cast Iron Boilers | Fully Condensing KN Series Hot Water Gas Fired High Efficiency Boilers 200,000 - 9,000,000 MBH Natural Gas, LP, Dual Fuel, Low NOx & CO2
Dura-Vent | FasNSeal | DuraSeal | DuraStack | Single/Double Wall Venting/Breeching/ AL294C Stainless Steel Cat. I,II,III, IV Max Temp 550˚-1400˚
Hurst Boiler Company | Scotch Marine, Firebox, Watertube, & Vertical Boilers, Low NOx, Skid Packaged Boilers, Hybrid Hot Water Condensing Systems,DA Tanks, Feed Tanks, BDS, Boiler Control Systems
LES Boilers | Scotch Box, Direct Hydronic Boiler, Feedwater Systems, Water Softener, BDS, Skid Mount Package, Low Pressure Steam Systems
Oilon Burners | GP & GKP Burners suitable for burning Natural Gas, #2 Fuel Oil, & Dual Fuel Applications, High Turndown & Low NOx Applications

Woodman Controls Company
Manufacturers Represented

Product Description

System Integration
The ability to integrate many existing building automation systems into one seamless user interface, including HVAC Retrofits, Existing Pneumatic control systems and most factory mounted control systems on HVAC Equipment.

Niagara Tridium
Tridium is the global leader in open platforms, application software frameworks, automation infrastructure technology, energy management and device-to-enterprise integration solutions.

Distech Controls
Web-based multi-function Direct Digital Controls (DDC) platform available in both BACnet and LonWorks. Wireless Enocean communication Protocol. (DDC Systems include BACnet MS/TP, N2 and Lon Communication.)

Division-25
Seemless visualization of numerous building systems all on one screen. Integrated automation for an IoT platform for most building automation technologies. Coordination and design team assistance from conceptual layout through commissioning and operation.

Distech Integrated Room Controls
End-to-end system for the control of HVAC room terminal equipment, lighting, and shades/sunblind. Unique, modular solution designed for local or room applications, such as offices, patient rooms, dorms, military housing, etc.
