# IOWA CHAPTER - ASHRAE

## FOREWORD

The 2024 Chapter Membership Directory and Product Directory of Manufacturers and their Representatives in the Central Iowa area has been prepared by the Iowa Chapter of ASHRAE as a service to all its members and as a service to the local HVAC industry.

The Directory is intended to provide better communications between manufacturers and their sales representatives, engineers who specify products, contractors who purchase and install the equipment, and other interested parties. Product Directory listings are not limited to ASHRAE members and the listings are not to be considered as advertising or endorsement by ASHRAE of any product, manufacturer or representative.

Since the Directory is useful when the data it contains is current in all respects, the Chapter re-issues an updated version on an annual basis.

The membership roster is based on ASHRAE's database. Members are encouraged to verify their information and update their bio on [www.ashrae.org](http://www.ashrae.org). Please note that corrections have been made to this directory, in cases where the authors have been made aware of changes in employment or contact information.

Suggestions on ways of improving the Directory or notification of errors in this edition are sincerely invited. Please contact:
